

ROOM 2020 SELECTION

Please Read:

SELECTION IS ONLINE:

Individual and group selection will be online, in real time **via the Housing Portal**.

REGISTRATION:

All students must register! Lottery numbers will be categorized by class seniority, so it's easy to understand your ranking. Numbers will be posted in the Housing Portal after the registration period is complete.

GROUP LEADERS:

Groups of up to 10 students can register together. **Groups must have a Group Leader identified at the time of registration.** The Group Leader is authorized to make the room selection decision for all students during the group's appointment time.

FLEXIBLE GROUP SELECTION:

Groups will automatically pick the number of rooms or suites needed to accommodate their group size, as long as all suites and doubles are filled. **No more regroup required (or allowed)!**

RISING SOPHOMORES:

Sophomores are strongly encouraged to participate in Room Selection as a group - not as an individual. **Sophomores should form even numbered groups between 2-10 people.** This gives you the option to try for a suite or a single if you have a great lottery number, but to avoid having to otherwise select into a blind double (i.e. an unknown roommate).

Please keep in mind, sophomores who join a mixed-point group may be in an odd numbered group but will not be eligible for Furnald singles.

LEARN MORE:

- Visit the Housing website at housing.columbia.edu/roomselection
- Attend a Housing tour or Info Session
- During Room Selection, visit the Hartley Lounge or the Housing office for questions or help
